Subject: GROUSE CREEK Quarry (m/003/031)

I received a phone call at 3:30pm on Monday November 18, 1996 from Mike Ford of the BLM Salt Lake Office. He indicated that he was out on site (Grouse Creek) last thursday (November 14, 1996). He stated that he could find no evidence that any reclamation had been done and he did not see any equipment on site. He also indicated that there was a skiff of snow on the higher portions of the area. I briefly explained that what we were planning with the Notice of Agency Action to which he fully concurred that it was time to demand a permit (and bond) or order reclamation.
